

Provincial Grand Chapter of Devonshire Savage Ritual

The Devonshire Savage Ritual is a streamlined, efficient version of the Royal Arch Exaltation Ceremony, originally practiced by the Savage Club Chapter No. 2190. It eliminates repetition, shortens the ceremony and keeps the candidate fully present in the room throughout.

Developed to make the ceremony more engaging and easier to understand, the Savage Ritual has seen a massive surge in popularity across English Freemasonry as Chapters look to increase membership, enhance retention and accommodate modern practices.

If you are interested in adopting the Savage Ritual for your Chapter a copy can be obtained from either:
